IN ALL DIRECTIONS

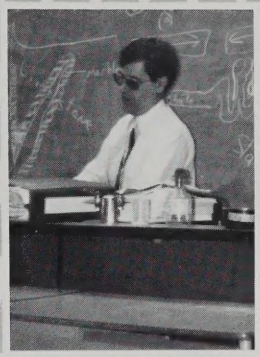

As we, the class of 1995, approach our final days at LHS, we prepare to move on in various directions. Some of us will go on to find new academic adventures in colleges and universities scattered across the country; others will join the working world. Nonetheless, all of us will aspire to new heights. We will never forget the many valuable lessons learned from both our teachers and friends. Although we will chose different paths through life, we will all take with us the spirit of LHS. We hope this book helps you to remember the good times you have spent at LHS. Good luck class of '95 as you move "In All Directions."

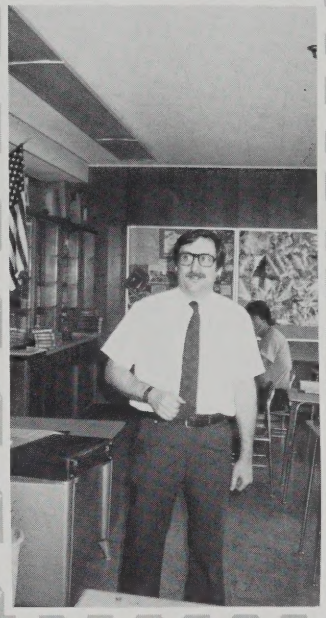

The Editors,
Holly Fusco
Brandy Little

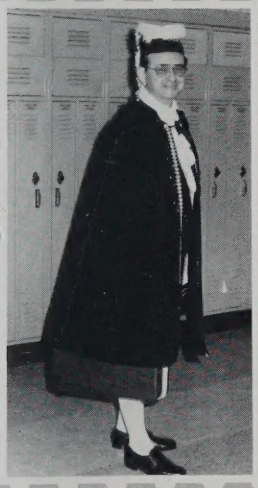

TO THE TEACHERS:

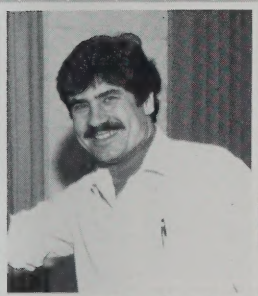

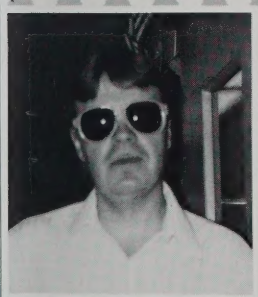

We too often ignore the little things that you do, without realizing the ways that they make the school live and excel. In plays, sports, clubs, and other activities, we see doors opened to us by your excellence and constant devotion. Everyday we take advantage of your patience and your strong love of your students and learning. While the past few years have been tough for you, students have still seen the attention, excitement, and spirit which make all of our teachers special.

Freshman year, Mr. Ciccolini said that the most important thing a student could do would be to take the time to thank their teachers. The class of 1995 would like to show their respect, thanks, and love, by dedicating our yearbook to all of the teachers at Leominster High School.

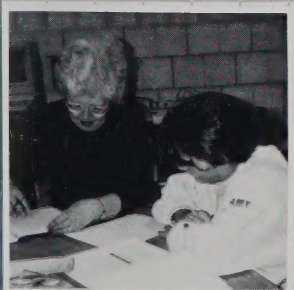

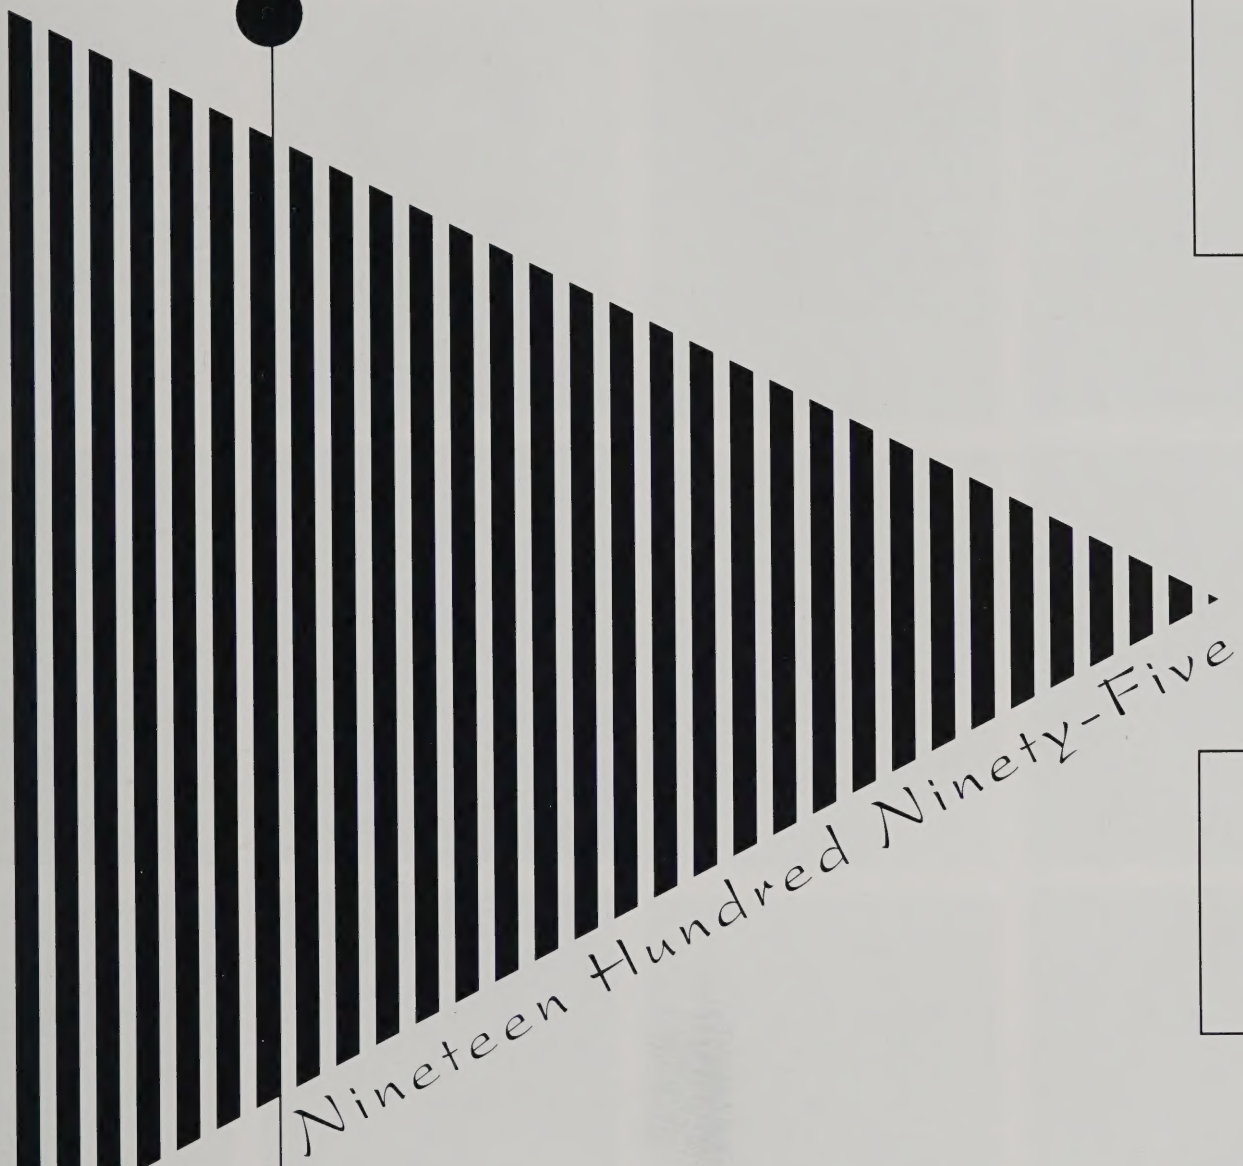

"Thank You"

"We Make A Living By What We Get, But We Make A Life By What We Give."
-Churchill

Patricia Pothier

A rose, like friendship, blossoms and grows.
The more petals there are, the lovelier the rose.
The richer the fragrance, the deeper the hue,
The more that friendship is cherished by you.
May your rose and your friendship the loveliest be.
And remember . . . one petal blossom's for me.
-Pothier

Mrs. Pothier has touched the lives of students, faculty, administrators, and staff for the past forty-three years. We have been enriched by her experience, wisdom, compassion, and wonderful sense of humor. Over the years, countless students and staff members have sought her help and always, with a warm smile and steady hand, she has been there. She has been called "the glue that holds this school together" and "a legend in her own time." Many have called her "The Lady." But whether we call her counselor, coach, mentor, or advisor, always, always, we will call her FRIEND. With loving gratitude and best wishes we say: THANK YOU!

"Work Is Love Made Visible."

YEARBOOK EDITORS

To the Staff:

We'd like to take this opportunity to congratulate and thank everyone involved.

Mrs. Maguire- Thank you for teaching us so much. We came into this with no clue- now we know too much for our own good.

Mrs. Buss- Although your job often goes unnoticed, if it weren't for you, we wouldn't have a book.

Daniel- We realize how busy you are, yet you took the time to write a moving dedication. You are an excellent writer, don't ever stop.

Senior section- To all involved, this is one of the most difficult sections- you pulled it off magnificently.

Vanessa & Jen- We realize it wasn't easy at the start, yet you pulled together a wonderful section.

Underclassmen- It was hard to work without a manager in the beginning. Nonetheless, you came through to create a terrific section.

Sports- It's not always easy to work around the schedule of the sports, but you still did a great job. Way to go Erin!

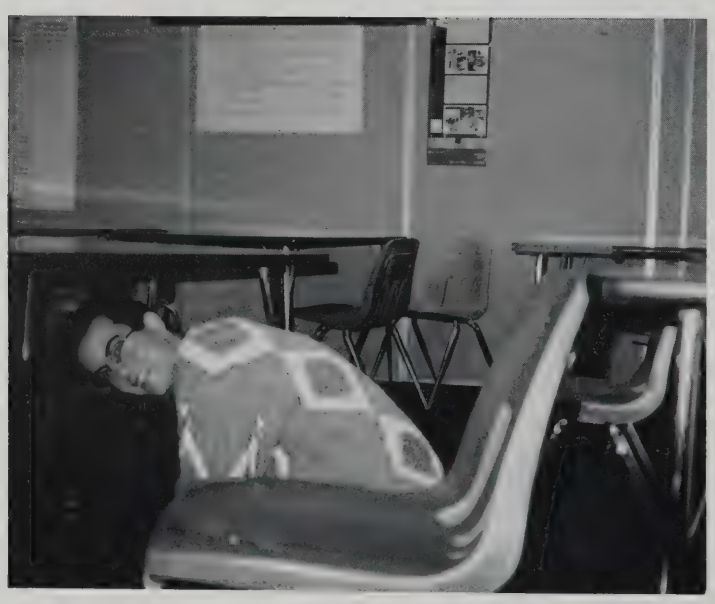

Patty & Amy- You did a great job working around your busy schedules to create one of the best trade sections LHS has ever seen.

Clubs- This year was especially tough due to the ever changing list of clubs, the section looks great. We're proud!

Wendy- You managed this section on your own. You really learned a lot and did an excellent job. Congratulations!

We know that we can't specifically thank everyone who helped (it would take us ten pages for that), but we want to make sure that everyone knows how much we appreciate their hard work and dedication. Without the help we never would have a yearbook! Thank you all and great job!!

Thanks again,
Brandy & Holly

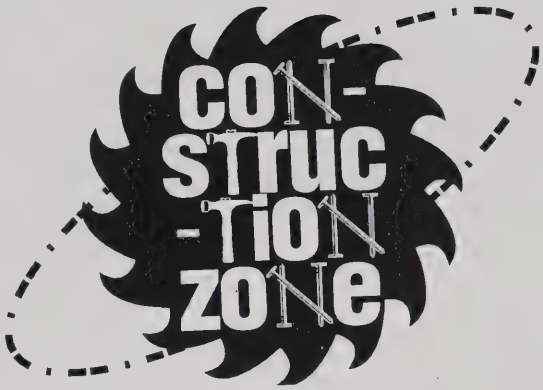

Anthony really "picks up" with the clubs section.

Jen and Vanessa, can you say "Candids"?

All work and no play makes a very boring day.
